

Do you want to write
software that

Takes over
the world?

Grinds your
enemies into
dust?

Converses
with you?

Becomes a
friend to you
and others?

Then you should consider taking CS395-22:
Artificial Intelligence for Interactive
Entertainment

Monday/Wednesday 2-3:20pm

See <http://www.cs.northwestern.edu/~forbus/395gai> for more
information
